STEERING COMMITTEE NOTES

The Steering Committee encourages each of the members to be working on their entries for the upcoming 2 X 4 Challenge to be presented at the August meeting. Let's everybody be working on their widgets to show off their ingenuity and skills.

We are pleased with the progress Tom Howorth is making on our website. We look forward to the addition of a user forum in the near future. Thanks Tom! Please remember to look around and scare up some photos of your work for Tom to include in our website Gallery.

MARCH MEETING MINUTES

Since we were without a Secretary, David Beyl graciously offered to take notes regarding the March meeting. Thanks David for stepping in to help.....again! David's excellent input is as follows:

Absent members missed an excellent program! The 17 members present listened and watched intently as Jerry Bass made a fine presentation of "Trimble-Sketch-up", 3D CAD drawing program. Those of us who do things the old fashion way were amazed as Jerry's nimble fingers on the keyboard produced all-you-need-to-know plans for a small table. Absolutely amazing! Should I throw away my No. 3 pencil, tape measure, four foot scale and story board? Do I need to pass a "background check" to own this software? There was plenty of time for Q and A after the program. Thanks and Semper Fi Jerry!

Otherwise, the brief business meeting included info on an upcoming seven day furniture making class in June in Pt. Townsend. Tom Howorth reminded us that web site input is needed. He wants to produce a "gallery" on line to show others what we can do. Please anyone, bring your camera to meetings. We need a minutes taker and back up photographer too. Fortunately, Tom Howorth brought his camera and deftly filled the void. Thanks, Tom! And, there was some interesting show-and-tell, plus an excellent program. Ya gotta be there! An interesting program on intarsia was mentioned, probably at Rockler Store on Stone Way.

Pastries were delicious. Charlie Culler bought an armful of wood after the meeting. I caught up with him going out the door and gave him a ride home. Otherwise Charlie takes the bus. What, no hardwood on Amazon.com? (They deliver). See you on 25 April at Dusty Strings. David

A forum for woodworkers of all skill levels to share their common interests
