President's Message

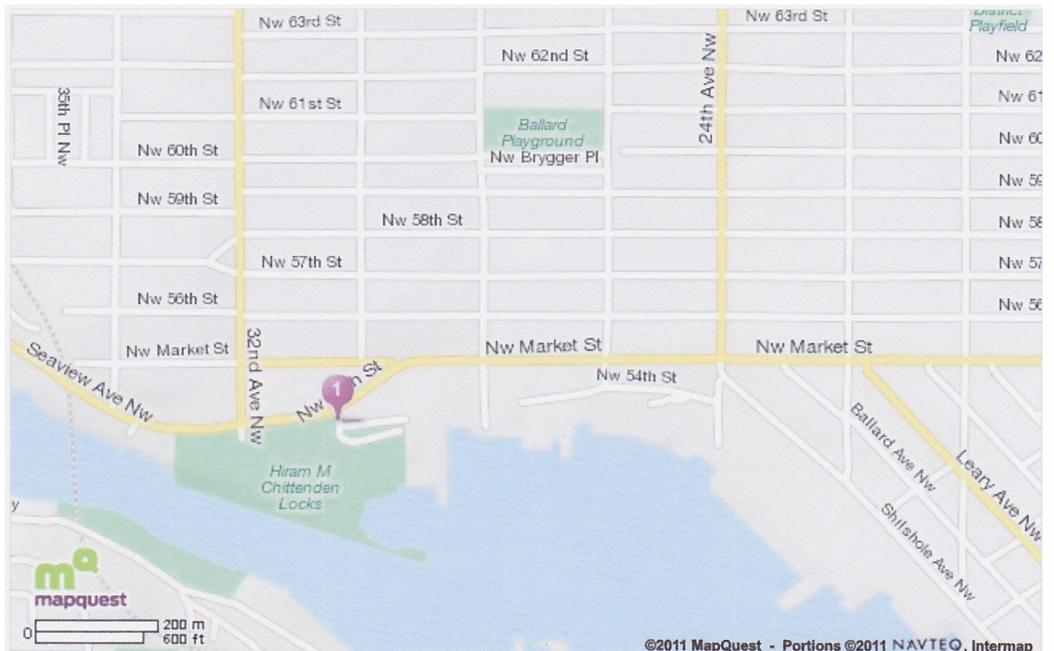

— by Bob Schaefer

Due to the expected deterioration of the weather and road conditions, the regular program, which was to have featured a presentation by Michael Dresdner, was cancelled. We hope to present Mr. Dresdner at a later date.

Nevertheless, fifteen brave, or perhaps uninformed, souls did show up and actually the meeting turned out quite well with some lively discussion on a variety of subjects, especially from David Beyl concerning shop safety and from Ron Hall with comments about SawStop. Several members indicated that they had items they wished to sell (Dave Beyl and Jim Remington). Steve Krauss stated that he would be happy to put "For Sale" items into the newsletter thus informing a larger number of people about items of woodworking interest.

As always and most sincerely we thank Ron Hall for providing the Guild with a great venue for our meetings. Thanks to Ray Ross for bringing the pastries and thanks to all of you who came to the meeting.

March Meeting

Guild Officers

President—Bob Schaefer

**Vice-president and
Membership**—Sally Wright

Treasurer—Chris Green

Secretary—Rick Tydings

Programs—Al Falco, Don

McNutt, Jack Martin, Ed
Moore, Ray Ross

Raffle—Tom Murray, Herb
Stoops

The following are volunteer
positions and are not

Edensaw Woods
8032 S. 194th St.
Kent, WA 98032

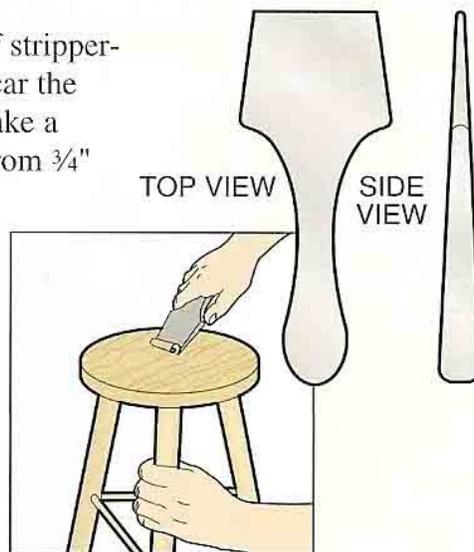

Please present your current membership card to receive your discount.

Shop Tip (submitted by Herb Stoops)

SHOP-MADE SCRAPER WON'T MAR REFINISHING JOB

Using a steel putty knife to scrape off stripper-softened paint or other finishes can scar the furniture you're trying to refinish. Make a scraper like the one shown at *right* from $\frac{3}{4}$ " pine or some other soft-textured wood. Cut the tool to shape with your scrollsaw or bandsaw, then taper it to an edge by sanding. Round over the handle edges for comfort. The wooden scraper won't nick the wood you're stripping, and the corners won't dig in as you lift off the old finish.

—Sam Stucki, St. George, Utah

For Sale:

For sale Grizzly G1182ZHW 6" Jointer, with mobile base included. This jointer has a 47" bed and a 1HP motor. I bought the jointer new (4 or 5 years ago), and it's in excellent working condition. I recently replaced the knives. I'm asking \$250 for the jointer.
