Request from Al Falco

I am putting together a presentation for an upcoming Woodworkers Guild meeting and need your help. The topic of this presentation will be shop built jigs and fixtures. I will be sharing a mortising jig and a radius jig, both for use with a router, but I will need a few more items to fill out the presentation.

If you have built a jig, a fixture, or a special tool of any kind and would like to share it with our group, call me (Al Falco) at 206-242-6557 or you can e-mail me at cabinet_maker@comcast.net. Let me know what your jig, fixture, or tool can do and approximately how much time you think you will need to show it off at the meeting, and I will do the rest. The time frame for the meeting will be late winter or early spring.

Directions to Woodcraft Supply

From I-5: Take the Michigan Street Exit. Just before the traffic light on Michigan, you will see Woodcraft Supply in the shopping center on your right. The address is 5963 Corson Avenue, Seattle, 206-767-6394.
